Can-do performance…
all day,
every day

WORKCENTRE M118i

CopyCentre C118
WorkCentre M118/M118i

# Convenience
without compromise

When it comes to meeting your business needs, Xerox has you covered — from a full-featured, tabloid-size copier all the way up to a high-performance multifunction system that can copy, print, fax and scan-to-email. These office dynamites get all your jobs done right, every time. They're adaptable, convenient, reliable — and always ready for business.
Technologically advanced

With cutting-edge, high-performance features, the Xerox CopyCentre C118 copier and WorkCentre M118/M118i multifunction keep productivity in high gear.

- Outstanding image quality for crisp, impressive copies and prints — thanks to our patented EA toner.

- State-of-the-art SMart Kits keep downtime to a minimum. They signal the device to tell you ahead of time when you'll need to replace a toner or drum cartridge. This way you can have all the supplies you need on hand and ready.

- Industry leading device management allows administrators to configure network settings, control users' access, manage print job queues and track the status of consumables from a remote location (networked models).

- Lightening fast scans — up to 44 images per minute (in 200 dpi mode) — get the job done ahead of schedule.

- ScanSoft OmniPage™ and PaperPort™ software (WorkCentre M118i) make it simpler than ever to turn paper into editable digital files. Storing, organizing and distributing documents are a breeze.
Print   **Copy**   **Fax**   **Scan-to-email**

Easy to use

These Xerox devices are built to simplify your everyday tasks.

- Enjoy a simple scan-to-email solution to increase productivity by sending documents directly to your desktop (WorkCentre M118i).

- Save time with one-touch speed dials and group dials for fast fax connections (WorkCentre M118i).

- Fits in anywhere. The small footprint of the M118i makes it the perfect multifunction for space-conscious offices.

- Integrated installation tools and auto IP setup make it easy to get it up and running.

All-around flexibility

Whatever your needs, Xerox devices seamlessly adapt to any office role.

- Reliably feeds a wide range of media. From tabloid-size paper to transparencies and heavy-duty card stock (up to 110 lb. Index).

- Expandable paper capacity means busy workgroups can add trays as workloads increase.

- There are so many options to choose from. Configure as an independent copier (CopyCentre C118), a robust copier-printer (WorkCentre M118), or a comprehensive printing, copying, faxing and scan-to-email system (WorkCentre M118i).

Choose from a desktop or console configuration for more convenience.

Fax with ease from your desktop

With the WorkCentre M118i multifunction you can send faxes without even leaving your desk. Faxing a document from your PC is as easy as printing it.

You can also take advantage of 2-up faxing. That means you can fax two pages on one – a real cost saver.
