B4250/B4350 Series

The small printer that's all business
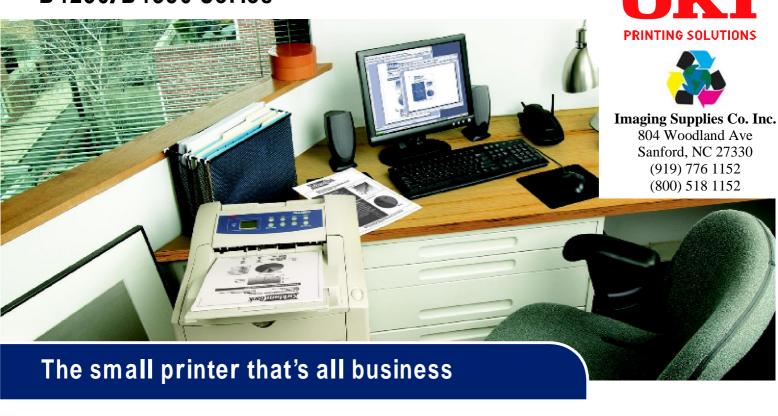

Designed to deliver best-in class value—backed by the industry's best support

B4250/B4350 Series printers from OKI Printing Solutions are built for efficiency and speed, with expandability to meet your future needs. If you're looking to improve the productivity and lower the operating costs of your business, B4250/B4350 Series Digital monochrome printers are made for you.

All four models—the stand-alone B4250, networkable B4350, and network-ready B4350n/ B4350n PS—deliver up to 23 ppm, with the first page printing in as little as 6.0 seconds.[1] They produce black & white output that's clear and crisp in 1200 x 600 dpi resolution, using a two-piece consumables system for long-lasting, high-quality performance and a lower cost of operation.

For fewer user interventions, each has a 250-sheet standard paper capacity, housed in a fully enclosed Letter/Legal/Universal tray, and can be outfitted to hold up to 750 sheets with an optional 500-sheet 2nd paper tray.

In terms of durability, B4250/B4350 Series printers are tough—with a duty cycle of 40,000 pages per month.

Fit for any work environment. With standard USB and parallel interfaces, the B4250/B4350 Series offers broad-based connectivity. All have PCL® 6 emulation and the B4350n PS model has PostScript® 3™ emulation standard (the

B4350/B4350n models have a PostScript 3 emulation option). They all perform equally well with Windows® XP, 2000, 98, NT® 4.0 and most popular operating systems, including Mac® 9.1 and higher/10.1 and higher.

A B4350 Series printer equipped with an OkiLAN® print server can make network printing affordable. That can translate into a much lower cost per seat, which can be a vital consideration as your office network grows and expands in functionality.

And, with their compact size and style, B4250/ B4350 Series printers (most available in black) fit just about anywhere and with just about any computer accessory decor.

Backed by unmatched support. OKI Printing Solutions is so confident in the reliability and performance of the B4250/B4350 Series that we provide an industry-leading 5-year printhead warranty and a 1-year limited printer warranty with Overnight Exchange[4]. Of course, if you need technical assistance, you can speak to a live expert—24x7x365—

The B4250/B4350 Series: perfectly suited to meet the demands of your business, now and down the road.

Highlights:

- As fast as **23 ppm** print speed; **6.0-second** time to first page [1]
- Clear, crisp **1200 x 600** dpi output
- Separate toner and image drum configuration for lower operating costs
- Compatible with Windows® XP, **2000, 98,** Windows NT® **4.0,** and other OS
- **266 MHz** PowerPC processor
- Upgradable to **272 MB RAM** [2]
- Standard USB and parallel ports
- Compatibility with Mac® OS 9.1 and higher/ **10.1 and higher** (B4350 Series)
- Up to **7,000-page** toner capacity [3]
- Fully-enclosed **250-sheet** paper tray to keep paper clean and free from curling
- Most models available in black to match today's popular computer accessories
- Optional **500-sheet** 2nd paper tray
- **1-Year** limited warranty with Overnight Exchange [4]; **5-Year** limited printhead warranty
- Live, toll-free technical support **24x7x365** [4]

The B4250 (shown here in black) prints pages at up to 23 ppm.[1]
