## Reduce operating costs and save space by consolidating functions into one powerful, office machine.

### Robust and affordable
**All the essentials at one low price.**

• 33.6 Kbps faxing provides quick
  transmission of multi-page docu-
  ments in as little as 3 seconds
  a page

• Secure fax with 31 password-
  protected mailboxes to receive
  documents confidentially

• Dual-line fax capabilities on F116L
  means that two lines are always
  available for transmission and/or
  reception

• Outstanding laser technology and
  PCL6 printing from PC or network
  for highest quality documents

• Scanning in full color (or black-
  and-white) to email via the internet

### Productivity-boosting
**High-tech features do it all.**

• Faxes can be scanned and sent
  electronically to recipients with
  verification of sender

• Thanks to protected memory,
  saved faxes and device settings are
  never lost if power is interrupted

• When receiving data, the F116
  automatically reduces a document
  to fit the loaded paper size in tray

• "Intelligent" consumables let
  users know when toner is low

### Compact and convenient
**Efficiency simplifies your workday.**

• Well suited for a countertop
  or desktop use in offices where
  space is at a premium

• Extra tray option meets the
  needs of high-volume users

• Easy-to-use keypad makes it a
  breeze to perform any function

• Text messaging to fax for
  communication convenience
